

A New Look in 2004

For 2004, the ladies' bathroom is significantly renovated with a new and attractive tile floor, a new color on the walls, and new partitions for the changing and toilet areas. We appreciate all the ladies' and girls' patience in these improvements, that were a long time in coming. The swim club now also has a beautifully landscaped and wider property area for everyone to enjoy. We've added more lawn areas for tables (river view area), new fencing & landscaping, three new shade trees and a decorative retaining wall by the rear slope. We thank Jeff King for supervising the very attractive landscaping renovations and site improvements. In addition, we have purchased 75 new and attractive umbrellas for the tables. They will replace older umbrellas that had torn vinyl, were difficult to open or were broken. Thanks to Bob D'Alonzo for securing the new umbrellas. Finally, a new storage shed has been constructed next to the snack bar for additional interior storage. We hope everyone will enjoy the upgrades to the club in 2004, and we look forward to additional enhancements in the future.

Thank You for Your Input!

Brookside's trustees and manager Bob D'Alonzo would like to thank our members for the helpful comments provided when they filled out surveys and suggested improvements for all areas of the swim club's operations and services last August and September. All of the survey responses were reviewed by the trustees and Bob D. and they were in agreement with many of the comments. You will see more of the things you liked, and improvements on the things you didn't, in 2004.
